Mike Lynch's Star Watch Party at Freedom Park Tuesday, October 25

Outdoor program 7:30- 9 p.m. at the overlook. Bring chairs and dress for the weather.

Sponsored by Prescott Kiwanis, this free program is for ages 8 and up.

On October 25, you're invited to bring lawn chairs and blankets to make yourself comfortable at the Freedom Park overlook for the outdoor Star Watch program beginning about 7:30 pm. Catch the amazing celestial show in the skies over Prescott. Get to know constellations like The Big Bear, Cassiopeia the Queen, Cygnus the Swan, Pegasus the Winged Horse and many of the great stories about how they wound up among the stars.

Mike Lynch will use large reflecting telescopes, including a giant 20" reflector, one of the biggest mobile telescopes in the upper Midwest for close up views of the planet Jupiter, star clusters, nebulae, galaxies, and other wonders in our skies. You'll get spectacular views of our more distant universe through a brand new state of the art astronomical camera-telescope system that will amaze you!

Mike Lynch is a meteorologist at WCCO Radio and has been teaching astronomy classes for over 40 years. He writes a weekly stargazing column for the St. Paul Pioneer Press and many other newspapers across the U.S. Glow in the dark "Galaxy on a Gut" t shirts will also be available for purchase. The gift shop at the Great River Road Learning Center also carries Night Sky playing cards and constellation book. Your universe is waiting.... Make the Stars Your Old Friends!
